PROFESSIONAL SUMMARY

A passionate and detail-oriented Front-end and MERN Stack Developer with one year of hands-on experience building dynamic, responsive web applications. Skilled in utilizing React for front-end development, Node.js and Express for back-end logic, MongoDB for database management, and HTML5, CSS3, JavaScript (ES6+), Bootstrap, and Tailwind CSS to ensure seamless communication between client and server. Adept at implementing mobile-first designs, ensuring cross-browser compatibility, and optimizing performance. Committed to delivering clean, maintainable code while continuously improving development practices through learning and collaboration.
